An outstanding New Construction home in the prestigious Weston Estates is being offered by an esteemed custom builder. The open design is enhanced with custom millwork, high ceilings and accented with sophisticated appointments. The modern kitchen has a hidden pantry, breakfast area and adjoins the family room. A bedroom suite and private study are tucked away on the main level. An architectural highlight is a beautiful barrel ceiling in the master bedroom. A central dressing room with a three way mirror leads to his and her closets. The spacious en-suite bedrooms complete the second floor. The lower level has high ceilings, a professional workout room with glass walls, a wet bar and ample space for a state-of-art media room. Picturesque grounds are complemented by stone walls and a granite patio. Easy access to conservation trails and conveniently located minutes from the Mass Turnpike and Weston public schools. This special home is near completion for the discriminating buyer.
